

Abstract submitted by Anne Scheinberg

*Title:*

**Value Added: Introduction to informal recovery in Europe**

*Abstract:*

Who are informal recyclers, how do they work, where do they live, when, why, what are the impacts in social and economic terms, political and social drivers to integrate informal and independent recyclers into European-conform waste management systems. Based on the publication: From collision to collaboration – Integrating informal recyclers and re-use operators in Europe: A review.
